All linear or square footages for Vertical Construction Area within the homesite boundary lines are estimates only. This material ispresented as being representational, only, of the Vertical Construction Area and is not intended as a substitute for onsite inspection and independent determination by owner of the attributes of the homesite, which are suitablefor satisfying owner's intended purposes. The Vertical Construction Area boundaries, dimensions, areas, lot lines, topography and fe atures and/or information shown on this diagram are approximate only, based upon information that was not prepared by VITA Planning and Landscape Architecture and Discovery Land Company and which has not been independently verified, and for information only. These diagrams are not a substitute for a lot survey, and no representation regarding the accuracy or completeness of the information shown on the diagram is made. The utility easements shown on this plan are preliminary and have not beenfinalized by the Project's civil engineer. The actual locations of the utilities may vary in the field, and accordingly, the utility easements depicted on this plan may require adjustments and/or additional utility easements(s) may need to be designated prior to or after closing.
